Drexel University
Accreditation History

First accredited: September 1972
Next review: September 2025
Maximum class size: 100

March 2025
The program's student attrition rate was 10.9% or greater for its 2024 cohort. The program submitted the Student Attrition Required Report. The commission **Reviewed and Additional Information Requested of the report**. Additional information (revised report) due July 22, 2025.

June 2024
Program Change: Change in program fiscal support. The commission **approved the program's proposed change.** No further information requested.

June 2021
The commission **accepted the report** providing evidence of

- Confirmation all students in the class of 2020 met all program and supervised clinical practice experience learning outcomes and completed summative testing. No further information requested.

June 2020
The commission **acknowledged the report** providing evidence of

- The proposed plan in response to COVID-19.

Additional information (follow-up for the class of 2020 on graduation; confirmation all students met all program and supervised clinical practice experience learning outcomes and completed summative testing) due January 20, 2021.

March 2016
The commission **acknowledged the report** providing evidence of

- Updated SCPEs in the Portal. No further information requested.

September 2015
Accreditation-Continued; Next Comprehensive Evaluation: September 2025. Maximum class size: 100. The commission noted zero areas of noncompliance with the *Standards*.
Report due October 16, 2015

- Update supervised clinical practice experiences (SCPEs) in the Program Management Portal.

September 2008
Accreditation-Continued; Next Comprehensive Evaluation: September 2015. Maximum Student Capacity: 300. The commission noted zero areas of noncompliance with the *Standards*.

Drexel University
Accreditation History

September 2003
The commission **accepted the report** addressing 2nd edition

- ***Standard A5.1*** (provided evidence announcements and advertising accurately reflect the program offered) and
- ***Standard C2.2c*** (provided evidence critical analysis of outcome data includes student failure rates in individual courses and rotations). No further information requested.

March 2003
The commission **accepted the report** providing evidence of

- Clarification of faculty responsible for research courses. No further information requested.

September 2002
Accreditation-Continued; Next Comprehensive Evaluation: September 2008. Maximum Student Capacity: 200.
Report due July 15, 2003 (*Standards*, 2nd edition) -

- ***Standard A5.1*** (lacked evidence announcements and advertising accurately reflect the program offered) and
- ***Standard C2.2c*** (lacked evidence critical analysis of outcome data includes student failure rates in individual courses and rotations).

Program Change: Change in degree awarded (baccalaureate to master's curriculum). The commission **acknowledged the proposed change**. Additional information (clarification of faculty responsible for research courses) due January 15, 2003.

NOTE: The ARC-PA commission action information available begins in September 2002. Information from initial accreditation in 1972 by the American Medical Association Council on Medical Education and subsequent accrediting organizations is not available.
